## **Praktikum iz PHP-a**

**Vladimir Lobanov 84/21**  
**Smer: Internet Tehnologije**  
**Modul: Web Programiranje**  
**Predmet: Praktikum iz PHP-a**

## **Sadržaj**

## VISOKA ŠKOLA STRUKOVNIH STUDIJA ZA INFORMACIONE I KOMUNIKACIONE TEHNOLOGIJE

## Uvod

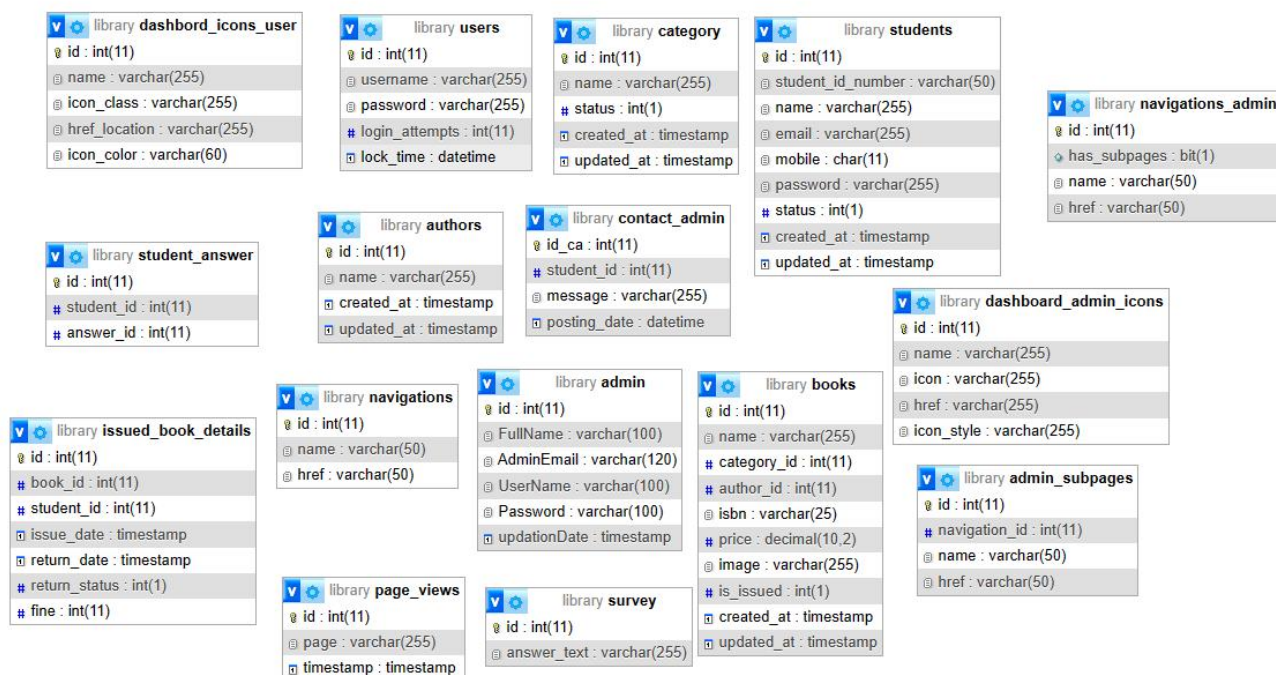

## 1.1 Korisceni programski jezici

Jezike koje sam koristio prilikom izrade sajta su HTML, CSS, JavaScript, JQuery kao biblioteku, PHP I koristio sam bootstrap kao framework za zeljeni izgled.

## 1.2 Opis funkcionalnosti

- ❖ Dinamicki slajder
- ❖ Login forma kao obradjena klijentskim I serverskim putem.
- ❖ Register forma validirana I klijentski I serverski
- ❖ Admin panel sa CRUD operacijama sa razlicitim varijantama elemenata forme
- ❖ Cuvanje slika u bazi I njihovo menjanje
- ❖ Menjanje lozinke usera I admina
- ❖ Cuvanje odgovora ankete
- ❖ Prikazivanje pitanja logovanih korisnika

## 1.2 Baza podataka

## ORGANIZACIJA

### 2.1 Mapa sajta

## VISOKA ŠKOLA STRUKOVNIH STUDIJA ZA INFORMACIONE I KOMUNIKACIONE TEHNOLOGIJE

Ova stranica je početna stranica za online sistem za upravljanje studentskim podacima (OLMS) koji omogućava studentima da se prijave i pristupe svojim podacima. Na početnoj stranici nalazi se klizač sa tri slike koje se automatski rotiraju i prikazuju unapred definisane slike. Također, na početnoj stranici nalazi se sekcija za prijavu studenata koja provjerava valjanost korisničkih podataka i prikazuje odgovarajuće greške ako su podaci neispravni. Na dnu stranice nalazi se zaglavlje i podnožje koje sadrže dodatne informacije. Ukoliko podaci nisu ispravni klijentski se prvenstveno prikazuju greske.

Ukoliko nije uneseno ispravan Email ili lozinka, korisniku se prikazuje Greska.

The image displays two screenshots of a login form titled "Enter your credentials".

The top screenshot shows the form with empty input fields. Below the "Enter Email:" label, the text "Email is required" is displayed in red. Below the "Password:" label, the text "Password is required" is displayed in red. At the bottom, there is a blue "LOGIN" button and a link "Not Registered Yet".

The bottom screenshot shows the form with the email field filled with "vlada@gmail.com". The "Password:" label is present, but the input field is empty, and the text "Password is required" is displayed in red below it. The "LOGIN" button and "Not Registered Yet" link are also present at the bottom.

**VISOKA ŠKOLA STRUKOVNIH STUDIJA ZA INFORMACIONE I KOMUNIKACIONE TEHNOLOGIJE**

Ovaj kod prikazuje stranicu za registraciju studenata za sistem za upravljanje bibliotekom. Kada korisnik popuni formu i klikne na dugme "signup", PHP skripta proverava da li postoji student sa istom email adresom u bazi podataka. Ako postoji, prikazuje se poruka o grešci. Ako student sa tom email adresom ne postoji u bazi, skripta generiše novi ID broj studenta i dodaje novog studenta u bazu podataka sa informacijama koje je korisnik uneo u formi.

Ova stranica koristi i JavaScript za proveru dostupnosti email adrese korisnika. Kada korisnik unese email adresu, JavaScript skripta šalje zahtev serveru da proveriti da li postoji student sa tom email adresom u bazi podataka. Ako postoji, korisniku se prikazuje poruka da email adresa nije dostupna, a ako ne postoji, prikazuje se poruka da je email adresa dostupna.

Korisnički interfejs stranice je implementiran pomoću HTML-a i CSS-a, uz Bootstrap okvir za stajlizovanje elemenata i Font Awesome biblioteku za ikonice. Stranica takođe uključuje zaglavlje koje je uključeno u svaku stranicu, koje se nalazi u fajlu "header.php".

Email:

Email already exists .

Takodje postoji zasebna stranica koja realizuje logiku email prilikom registracije. Ukoliko se u bazi nalazi korisnik sa zadatim mejlom, prikazace mu se greska, a ukoliko ne postoji prikazuje se poruka.

Email:

Email available for Registration .

## VISOKA ŠKOLA STRUKOVNIH STUDIJA ZA INFORMACIONE I KOMUNIKACIONE TEHNOLOGIJE

## Author.php

## ABOUT ME

Greetings everyone! My name is Vladimir Lobanov and i am the only author of this website. I am student of ICT college, 2nd year. I found my passion in creating websites and learning new possibilities after taking short course on Web design, so decided to dig deeper and learn a lot more cool stuff. I have experience working in MS Office package, as well in HTML,HTML5,CSS3 and MySQL DBMS. I enjoy my free time in reading news and different forums on tech-trends, playing video games and reading about political topics. My biggest joy is to sit, turn on the music, relax and drink coffee in a cozy space while coding. :D

</About me>

Broj indeksa: 84/21

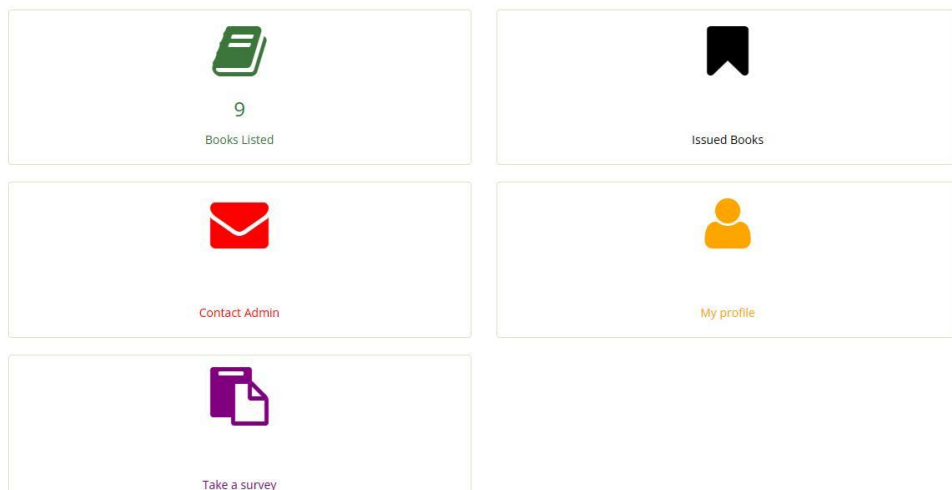

Stranica o autoru, koja prikazuje opste informacije o autoru sajta.

Svaka stranica se ucitava kroz index.php, gde se razliciti parametar prosledjuje kroz URL adresu I na samoj index.php stranici je ucitana konekcija sa bazom, kao I header I footer za svaku stranicu.

## VISOKA ŠKOLA STRUKOVNIH STUDIJA ZA INFORMACIONE I KOMUNIKACIONE TEHNOLOGIJE

## USER DASHBOARD

© 2023 Visoka ICT škola Vladimir Lobanov, 84/21

[DOCUMENTATION](#)

Glavni sadržaj stranice je prikaz nekoliko statističkih podataka u obliku kartica s ikonama i brojevima. Podaci uključuju ukupan broj knjiga, broj knjiga koje još nisu vraćene, ukupan broj registriranih korisnika, broj navedenih autora i broj odgovora na anketu. Svaka kartica ima <a href=""> koja vodi na drugu stranicu za upravljanje odgovarajućim podacima. Postoji nekoliko SQL upita koji dohvaćaju podatke iz baze podataka i koriste se za brojanje redova u tabelama s knjigama, sa karticom o kontaktiranju admina, samom profilu. Takođe, ulogovani korisnik može da uradi anketu i submituje je koja će se INSERT operacijom čuvati u bazi. Koriscen je isključivo framework Bootstrap za izradu kompletne stranice.

Ovo je PHP stranica koja prikazuje listu knjiga iz biblioteke. Uključuje konekciju na bazu podataka, prikazuje zaglavlje i poziva skriptu za prikaz navigacionog menija, prikazuje panel sa naslovom "Library Books" i listom knjiga iz baze podataka. Koristi se PDO objekat za izvršavanje SQL upita i dohvatanje podataka iz baze. Knjige su prikazane u thumbnail formatu, a za svaku knjigu se prikazuje naslov, kategorija, autor, ISBN broj i slika. Takođe, ako je knjiga već izdata, ispod naslova knjige će se prikazati odgovarajuća poruka. Stranica se neće prikazati ako korisnik nije prijavljen (login). Ako korisnik nije prijavljen, biće preusmeren na stranicu za prijavu (index.php). Stranica ima obradjenu paginaciju tako da se po strani prikazuje maksimalno 6 knjiga, a zatim korisnik klikom na stranu, menja prikaz.

## Contact-admin.php

© 2023 Visoka ICT škola Vladimir Lobanov, 84/21

[DOCUMENTATION](#)

Ukoliko korisnik ima neka pitanja, moze se putem kontakt forme obratiti adminu direktno I sacekati odgovor u roku od 24h. Korisnik unosi email adresu koja je identicna sa emailom kojim se prijavio na sistem I unosi poruku. Nakon INSERT operacije poruka se cuva u bazi gde se zapisuje I ID korisnika koji je poslao kao I njegov email.

My profile.php služi za ažuriranje podataka studenta u bazi podataka.

U početnom delu, kod proverava da li je korisnik prijavljen na sistem. Ako nije, korisnik će biti preusmeren na stranicu za prijavu.

Ako je korisnik prijavljen, kod čeka podatke iz forme za ažuriranje, a zatim izvršava SQL upit koji ažurira informacije studenta u bazi podataka. Nakon izvršavanja upita, proverava se broj redova koji su bili pogođeni ažuriranjem i prikazuje poruku o uspehu ili neuspehu ažuriranja. U nastavku korisnik ne može promeniti email adresu kojom je logovanom, već korisničko ime ili broj telefona i ukoliko je doslo do greske ispisuje se poruka.

Na kraju HTML koda nalazi se JavaScript kôd koji dodaje funkcionalnost za slanje podataka iz forme koristeći AJAX. Nakon slanja podataka, JavaScript kod prikazuje poruku o uspehu ili neuspehu ažuriranja.

© 2023 Visoka ICT škola Vladimir Lobanov, 84/21

Prvo se proverava da li je korisnik prijavljen u OLMS (Online Learning Management System) web aplikaciju tako što proverava dužinu session varijable 'login'. Ako nije prijavljen, preusmerava korisnika na stranicu za prijavu. Zatim se proverava postoji li 'answer\_id' varijabla u \$\_POST nizu. Ako postoji, onda uzima

'answer\_id' vrednosti ubacuje ga u bazu podataka u student\_answer tablicu zajedno s id-em studenta koji je trenutno prijavljen.

Ako student s tim emailom ne postoji u bazi podataka, izacice greska 'error\_message' session varijablu i preusmeriti korisnika na njegovu nadzornu ploču (dashboard). Ako student postoji u bazi podataka, skripta će prikazati HTML stranicu s obrascem za anketiranje.

Uzima se iz baze podataka pitanja i prikazuju se kao radio dugmici s njihovim odgovorima. Kada korisnik odabere odgovor i klikne na 'Submit' dugme, forma će spremati odgovor u bazu i zapisati ga u red. Prilikom klika na 'logout' sesija se unistava i korisnik više nije ulogovan.

Answer added successfully!

USER DASHBOARD

Kada korisnik klikne da dugme Posalji, rezultat se cuva u bazi za admina, a na njegovom dashboard.php se prikazuje poruka o uspesnom slanju.

## AdminLogin.php

### ADMIN LOGIN FORM

LOGIN FORM

Stranice, manage-books, add-book, edit-book predstavljaju CRUD operacije kojima admin može u kontaktu sa bazom podataka, da doda novu knjigu na spisak i da je izmeni ukoliko je potrebno. Forma za izmenu se sastoji od podataka vezanih za autora, naziva knjige i jedinstvenog broja knjige (ISBN- internacionalni studentski broj knjige, koji je unique). Takođe ukoliko student nije vratio knjigu u nekom odredjenom roku, može se definisati cena kazne. Svaka knjiga ima i jedinstvenu cenu.

Greetings everyone! My name is Vladimir Lobanov and i
am the only author of this website. I am student of ICT college,
2nd year. I found my passion in creating websites and learning new
possibilities after taking short course on Web design, so decided
to dig deeper and learn a lot more cool stuff. I have experience
working in MS Office package, as well in HTML,HTML5,CSS3 and MySQL DBMS.
I enjoy my free time in reading news and different forums on tech-
trends, playing
video games and reading about political topics. My biggest joy is to
sit, turn on
the music, relax and drink coffee in a cozy space while coding. :D
